PROUDLY AUSTRALIAN OWNED

Australian owned and family operated for over two decades.

Founded in 1988 by Val and Sandra Fittler, the entire Fittler family joined together to establish Cosmetic Manufacturers as leaders in natural, botanical, organic and therapeutic skin, body and hair care. Cosmetic Manufacturers is now one of Australia's leading TGA licensed facilities, exporting products all over the world.

As leaders in a wide range of high quality products including anti-ageing, baby skincare & body products, therapeutics, pharmacy lines, sun protection, hair care and professional massage lines, our key markets include Australia, Europe, Asia, New Zealand, PNG, USA and Canada.

Our highly qualified team of chemists and technical support staff are equipped to manufacture your existing formulas or to work with you to develop new product formulations. Our manufacturing expertise, marketing experience and product knowledge will ensure you are equipped with everything you need to expand into new markets.

Cosmetic Manufacturers is equipped to manufacture your existing formulas or to work with you to develop new product formulations.

SPECIALISATIONS

We are leaders in natural botanical, certified organic and therapeutic skin & body care.

Skin Care Products

Anti-ageing, baby skin care and body products, therapeutics, pharmacy lines, sun protection, whitening creams, Doctors' brands, skin treatments, essential oil blends.

Aromatherapy

Bath & shower products, lotions and self-tanning products.

Hair Care

Shampoo and conditioners, hair and scalp treatments.

Body Care

Salt scrubs, lotions, creams, tanning, sun protection, medicated creams, medical gels and professional massage oils.

Drinking Juice

Certified organic aloe vera juice and other oral liquids.

Our highly qualified team of experts have the necessary experience to enable them to meet your requirements, even if your product is outside our specialised field.

OUR COMMITMENT TO YOU

Whatever the size of your business, we will treat you as if you are our only customer.

We are renowned for exceeding expectations, every step of the way. We can help your business grow.

If you currently have your existing products being manufactured by another company, allow us to provide you with a quote, as we would value the opportunity to introduce your business to Cosmetic Manufacturers.

Product development

We work with companies to create innovative, highly consumable products in both current and expanding markets. Our qualified chemists and technical support staff, along with our marketing and product development departments, will develop your formula, resulting in a highly consumable and marketable product (**Research & Development fees applicable**).

Working with businesses of all sizes

At Cosmetic Manufactures we are equipped to manufacture, fill, pack and shrinkwrap your products, ready for the local distribution or export. Whilst many of our customers are large established businesses, we remain committed to helping small business take their place in the market (**Minimum batch size 200 Kilos**).

There is no doubt that the cosmetic market is demanding high quality and effective organic natural botanical products, which makes us the perfect choice for your business.

MANUFACTURING

Our facilities and expert team are more than capable of working with orders of all quantities and we are committed to ensuring your requirements, product quality expectations and deadlines are met.

Quantity

We deal with large and small businesses equally. From the big corporations requiring bulk quantities through to the small businesses requiring batch orders starting at a **200 Kilo batch**.

Confidentiality

Client confidentiality is paramount to our business. We understand and work with you to ensure your company's privacy at all levels.

Qualified Team

We pride ourselves on being a friendly, professional and welcoming family owned and operated company. We invite you to come and meet our team to find out what we can do for your business.

Quality Control

We are committed to manufacturing only the highest quality products and our quality guarantee ensures you receive 100% product satisfaction, every time.

Cosmetic Manufacturers operates under extremely strict guidelines and to the very highest possible standards. Our standards are based on the validation of Good Manufacturing Practices and the Therapeutic Goods Administration. These standards are maintained by the Therapeutic Goods Administration through a transparent approval process, strict manufacturing compliance guidelines and effective post-market monitoring.

Australian Code of
Good Manufacturing Practice

Leaders in our field

Cosmetic Manufacturers are leaders in Natural Botanical and Certified Organic Skincare & Body Care, having researched and developed a library of formulas over more than two decades for our client network.

Our focus is to ensure that only the highest standard of quality assurance is met.

Australian Made

Having 'Australian Made' on your product will give you a competitive edge in the global market. 'Australian Made' is recognised as one of the strongest brands in the World and the global demand for all things Australian presents unique retail opportunities.

Australian Owned

Cosmetic Manufacturers is proudly owned and operated by an Australian family. We take a personal approach to every client and their business because when you succeed, we succeed. Working with an owner operated business will make day to day dealings with your product manufacturer simple and personable.

Val & Sandra Fittler, founders and owners of Cosmetic Manufacturers

QUALITY GUARANTEE

At Cosmetic Manufacturers we understand that in today's market each and every item must exceed customer and client expectations.

That is why our commitment to quality assurance is of the very highest degree.

Highest quality ingredients

Our highly trained team ensure that only the highest quality ingredients are sourced and used in the manufacturing of your products.

Batch consistency

We understand the importance of supplying consistent quality to consumers, which is why we go to great lengths to produce even batches using precise production methods. Our batch consistency and product integrity ensures that every item leaves our facility in the best possible condition.

Controlled processes

Only top quality production methods are used in the making of your products. We're working for you every step of the way, from formulation through to production and delivery.
